100% virtual machine demo

For our purposes, specs won't matter

Creating the Rest of the Nodes

Creating the Rest of the Nodes

es-client-01   es-master-01   es-master-02   es-data-01   es-data-02

es-client-02   es-master-03   es-data-03   es-data-04

Elasticsearch Cluster Install: Done!

Provisioned 2 client nodes, 3 master nodes, 4 data nodes

Installed all networking and ES settings

Installed the head plugin
